Press note

Today(6th August 2020) 182- Police officers working in different police stations of North Zone, Hyderabad city have reported back on duty after conquering covid19 with full of vigour and energy. They have set an example for others and exhibited courage with their come back. They followed the principles of SOP of Covid19 during their quarantine period. Sri. Anjani Kumar, IPS, CP Hyderabad congratulated them for their successful recovery and joining back for duties. The Commissioner of Police, Hyderabad honoured them with a certificate and memorandum. Later CP Hyderabad addressed with gathering that he is happy to welcome Police Officers back to their duties. Women police officers also have been fighting the corona on an equal footing with men for the past six months. We are proud to say that we are on top in providing 30 per cent employment to women in the country and this will increase in coming days and in the next 7 years women police will reach 30 percent in the police department. Our Hyderabad city is No.1 in the country.

We are undergoing a lot of stress because we have to do duty here and take care of family responsibilities. We do not have the vaccine in the meantime so we have to preserve our energy (mentally). Since the police station has senior HCs and ASIs, the concerned inspectors should take responsibility collect their information and perform their duties accordingly to ensure that they do not get infected with the virus. Eating Habits- Morning Tiffin should be eaten mostly with nutrition. Afternoon lunch should be taken normally; dinner should be taken very sparingly. You should not panic under any circumstances. You all have to be careful.

Everyone's working from home due to lockdown, the police are the only ones at work on the road. Appeal to all SHOs to take care of your staff. My thanks also to the family members of the police.

The above police personnel also showed their gratitude to the Police department in supporting them to fight corona. Sri. Kalmeshwar Shingenavar, IPS, DCP North zone, Sri. S. Srinivas, Addl. DCP. North zone, have attended the program.
